Crime Statistics Report Summary:

In August 2025, the total number of reported incidents across the eight key crime indicators rose slightly, showing an increase of six occurrences compared to both July 2025 and the five-year average for the month (87).

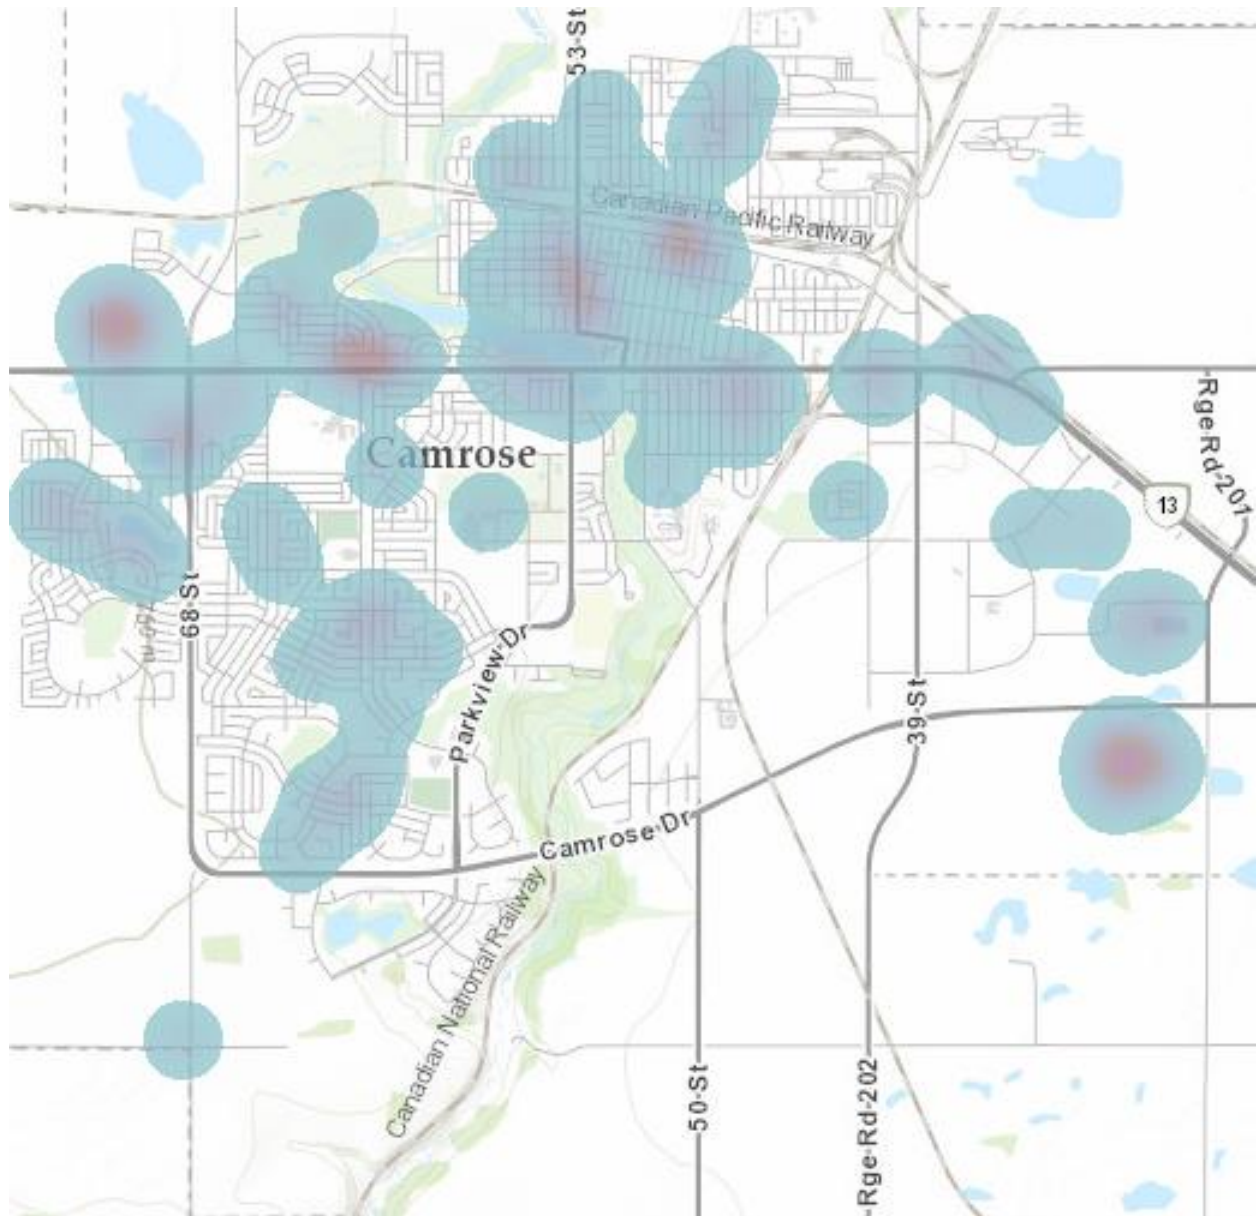

Notable increases were observed in the categories of theft, mischief and sexual assault. A significant rise was seen in mischief offenses, which totaled 16 more occurrences than August 2024, and 13 more than the five-year average. This spike is partially attributed to a series of seven mischief incidents in zone C4 (Duggan Park), where vehicle and building windows were damaged. Crimes Against Property, as a broader category, also saw an increase of six reported incidents over the five-year average.

The fraud category recorded a slight increase compared to August 2024, however remained six occurrences below the five-year average. During the month, Camrose experienced a series of "Grandparent Scams." In response, the Camrose Police Service launched a public awareness campaign and in conjunction with other law enforcement agencies, a suspect was identified and subsequently arrested in September, 2025.
