

Monthly Crime Analysis Report

September 2026

Camrose Police Service

Purpose:

The purpose of this report is to provide a standardized monthly analysis of crime trends within the City of Camrose. The report focuses on eight primary crime indicators and presents statistical comparisons, trends, and contextual analysis to support operational decision-making, strategic planning, and community awareness.

Data Sources & Methodology:

Data contained in this report is derived from police Records Management Systems (RMS), Computer Aided Dispatch (CAD), and internal statistical tracking. Occurrence counts reflect reported incidents and may be subject to change as investigations continue or late reports are received.

Executive Summary:

In September 2026, the Camrose Police Service recorded 61 incidents across the eight primary crime indicators, representing a decrease from 66 incidents in August 2026 and remaining substantially below the five-year September average of 80 incidents. Overall, crime levels remained stable, with reductions in several key categories offset by modest increases in theft-related offences and mischief occurrences.

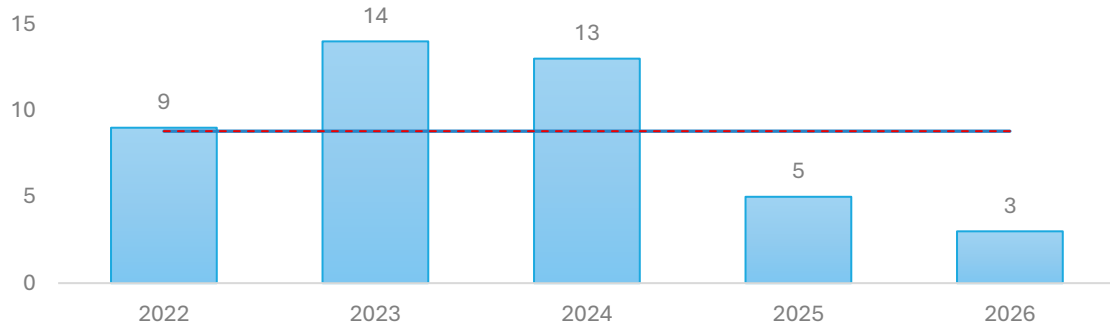

Property crime continued to account for the majority of reported offences with 65 incidents, higher than September 2025 (54) but substantially lower than September 2024 (101) and below the five-year monthly average of 85. Break and Enters declined with 3 occurrences reported, well below both September 2025 (5) and the five-year average (9). Thefts increased to 23 occurrences, up from 17 in August, but remained considerably lower than the historical average of 33. Shoplifting activity was concentrated in Zone A3, which accounted for nine reported incidents during the month. Mischief incidents increased to 19, slightly above the five-year average of 18 and up from 14 reported in August.

Violent crime remained relatively stable. Assaults totalled 13 occurrences, matching the five-year average and representing a decrease from 17 reported in August. There was one sexual assault reported, consistent with the historical average.

Overall, September 2026 was characterized by lower-than-average levels of serious crime, particularly in Break and Enters, Motor Vehicle Theft, and violent crime categories. While theft, fraud, and mischief offences showed moderate increases, crime levels across most categories remained at or below historical averages.
