Crime Statistics Report Summary:

The eight crime indicators for October 2025 reflected an increase from the uncommonly low occurrences reported in September 2025; however, overall activity remained 13% below the five-year average for the month of October.

A comparative analysis of the five-year average indicated that robbery was the only category among the eight crime indicators to exceed the five-year October average.

In October 2025, one robbery occurrence was reported, involving three male youths who attempted to rob another male youth of money. All parties involved were known to one another.
